VISION

Bridging Middle East Innovation with Global Biotech Partnerships

A new era of biotechnology innovation is dawning in the Middle East, with Saudi Arabia at its epicenter. Mark your calendars for 11-13 May 2026 as BIO Middle East, the region's premier biotechnology and life sciences event, launches in the thriving heart of Riyadh.

Co-located with CPHI Middle East, this inaugural event isn't just a conference; it's a pivotal gathering. It will bring together global and regional leaders, innovators, and investors to collectively shape the future of the rapidly evolving pharma and biotech sectors.

BIO Middle East is strategically positioned as the central platform for unprecedented collaboration, vital investment, and crucial knowledge exchange. Our vision directly aligns with the ambitious goals of Saudi Arabia's Vision 2030 and the groundbreaking National Biotechnology Strategy, launched in January 2024 by His Royal Highness Prince Mohammed bin Salman. This powerful synergy is propelling the Kingdom, and the wider region, to the forefront of the global biotech landscape, with a laser focus on high-growth areas including:

**HIS EXCELLENCY
FAHAD BIN
ABDULRAHMAN
ALJALAJEL**

Minister of Health
for the Kingdom of
Saudi Arabia

"The launch of BIO Middle East marks a significant milestone as the Kingdom establishes itself as a global hub for biotechnology and life sciences innovation.

This event embodies Vision 2030's commitment to building an advanced health ecosystem grounded in scientific research and international partnerships, with the aim of developing innovative solutions that serve our citizens, the region and contribute to humanity worldwide."

"In Saudi Arabia, we are committed to creating an enabling environment that brings together human talent, advanced digital infrastructure, and strategic investments to drive growth in this critical sector, enhance quality of life, and tackle global health and environmental challenges."

MARKET INSIGHTS: THE MIDDLE EAST & SAUDI ARABIA BIOTECH BOOM

Unlock Unprecedented Growth in the World's Next Biotech Powerhouse

Middle East & Africa Biotechnology Market

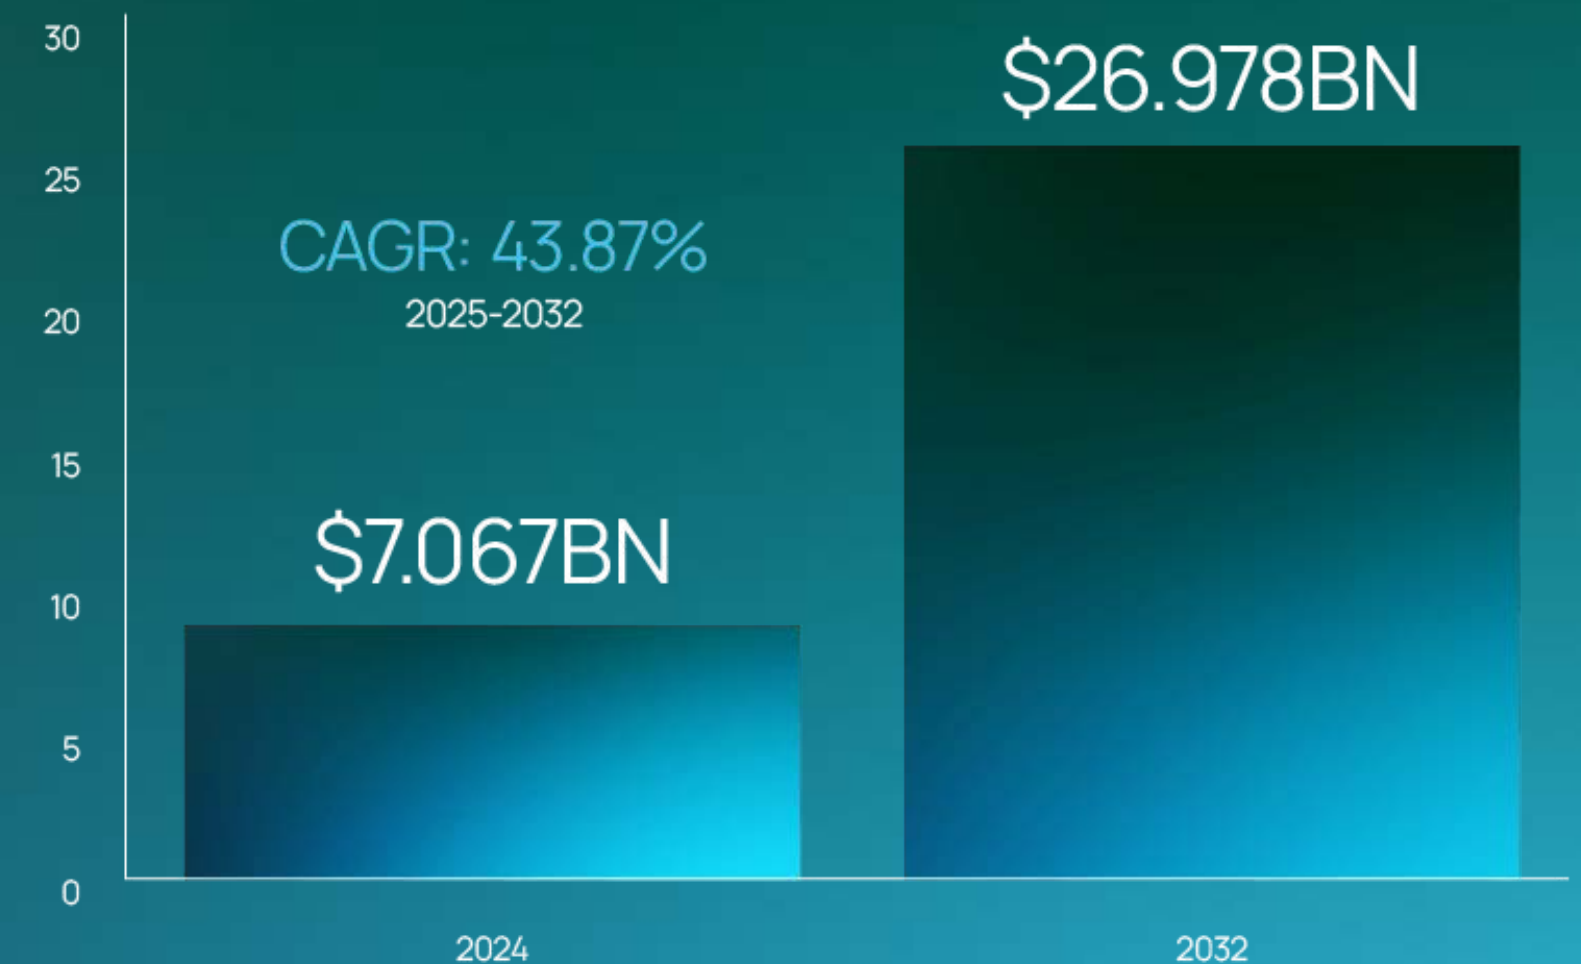

- Projected to reach US\$ 148.68 Billion by 2030, growing at a robust CAGR of 13.5% from 2024 to 2030 (Source: Grand View Research)
- The biopharmaceuticals market alone is projected to surge from \$19 billion to \$29 billion USD between 2021 and 2026. (Source: ResearchAndMarkets)

Saudi Arabia Explosive Market Growth

- The Saudi biotechnology market was valued at \$7.067 Million in 2024. (Source: IMARC Group)
- It is estimated to reach \$11.604 Million by 2033, exhibiting a CAGR of 5.66% from 2025-2033. (Source: IMARC Group)
- Some ambitious forecasts even project the Saudi biotech market to surge to \$26.978 Billion by 2032 at an extraordinary CAGR of 43.87% from 2025-2032, highlighting the immense potential. (Source: Data Bridge Market Research)

Saudi Biotechnology Market Growth (2024 vs. 2032)

Market Size (Billions USD)

Vision 2030 & National Biotechnology Strategy - A Clear Roadmap

Strategic Goal: Transform Saudi Arabia into a global biotechnology hub by 2040.

(Source: Vision 2030, Oxford Business Group)

Economic Impact: Target contribution of 3% to non-oil GDP by 2040 (estimated \$34.6 billion / SAR 130 billion).

(Source: Vision 2030)

Job Creation: Over 11,000 specialized jobs by 2030, rising to 55,000 by 2040. (Source: Vision 2030)

رؤية
2030
المملكة العربية السعودية
KINGDOM OF SAUDI ARABIA

الاستراتيجية الوطنية للتقنية الحيوية
THE NATIONAL BIOTECHNOLOGY STRATEGY

Key Pillars for Investment & Collaboration

Localizing Vaccine Production: Aims to reduce reliance on imported pharmaceuticals from 70% to 30% by 2030, fostering self-sufficiency and regional export.

(Source: Oxford Business Group, Asharq Al-Awsat)

Advancing Biopharmaceutical Manufacturing: Significant investments in local production facilities, such as the \$133 million vaccine manufacturing facility in Sudair City.

(Source: IMARC Group, Oxford Business Group)

Driving Genomics & Gene Therapy Research: Major initiatives like the Saudi Human Genome Program and active pursuit of CRISPR-based gene editing for precision medicine and rare genetic disorders.

(Source: IMARC Group, Oxford Business Group)

Enhancing Agricultural Innovation: Focus on plant optimization for food security and environmental sustainability. (Source: Vision 2030)

This is your moment to enter a market defined by strategic vision, unparalleled investment, and a clear path to leadership.

Don't just watch the future unfold – build it with us.

Why BIO Middle East? Your Gateway to Unprecedented Growth

Connect with industry
titans & decision makers
of a high level audience

Forge Strategic Partnerships
& Unlock Investment Capital

Align with Vision 2030 and benefit
from Saudi Arabia's ambitious
National Biotechnology Strategy

Access a Talent Pool & engage with
academic and research institutions

Showcase your Groundbreaking
Innovations to a Captive Audience

Exploring the Frontiers

Charting the Course for
Biotechnology's Future

BIO Middle East will feature the most critical and promising areas of biotechnology, offering a comprehensive and unparalleled look at the industry's cutting edge:

Next-Generation Therapies

Discover the latest advancements in cell and gene therapy, personalized medicine, and regenerative medicine.

Biomanufacturing & Supply Chain

Address the challenges and seize the immense opportunities in establishing a robust regional manufacturing base.

Digitalization & AI in Biotech

Explore the transformative impact of artificial intelligence and big data on drug discovery, development, and healthcare.

Vaccine Development & Manufacturing

Uncover the latest advancements in vaccine technology and the critical drive for regional self-sufficiency.

Event Features

BIO Middle East is a dynamic ecosystem designed to accelerate the future of biotechnology and pharmaceuticals. Each feature is structured to provide you with unparalleled opportunities for strategic growth, scientific discovery, and high-value networking.

The Main Conference: Shape the Future of Biotech

Step into the strategic heart of the event. Our Main Conference delivers three days of high-impact content designed for the industry's foremost leaders. We gather biotech CEOs, pharma executives, investors, and policymakers to tackle the industry's biggest challenges and opportunities.

Technical Stage: Deepen Your Scientific Expertise

Dive into the science that drives our industry. The Technical Stage offers structured technical education across key biotech areas. This platform is tailored for scientists, clinical trial managers, and regulatory professionals seeking deep technical knowledge.

Biotech Innovation Pitches: Where Innovation Meets Capital

This is the stage where groundbreaking ideas secure the capital and partnerships needed to thrive. We provide a platform for early-stage biotech companies and startups to showcase their pipelines and strategic positioning to an audience of VCs, Big Pharma, investors, and pharma BD teams.

The Deals Hub: Where Agreements are Solidified

Finalize your success in our dedicated Deals Hub. This exclusive space is designed to facilitate the signing of key agreements, MOUs, and licensing deals in a private, professional environment.

EBD Academy: Maximize Your Event ROI

Gain the skills to excel with our expert-led EBD Academy workshops.

Exhibitor Workshop: This essential training helps exhibitors and sponsors generate more qualified leads and interactions.

Biotech Commercial Workshop: Designed for early-stage and growing biotech companies, this workshop provides a roadmap from R&D to commercial reality.

BIO Middle East partneringONE: Your Engine for Deal-Making

Activate your business development with the world-renowned BIO Partnering platform, the core of BIO events globally. This sophisticated matchmaking tool empowers biotech firms, pharma leaders, and investors to schedule targeted one-on-one meetings with maximum efficiency.

Structured Networking

Utilize an online platform and dedicated meeting spaces to conduct structured, private business meetings across three full days.

Drive Your Pipeline

Build robust partnership pipelines, secure licensing opportunities, and accelerate deal-making.

The Power Of Synergy

The Power of Two: Your Comprehensive Pharma & Biotech Platform

CO-LOCATED WITH

By co-locating with CPHI Middle East, the region's leading pharmaceutical event, BIO Middle East offers an unparalleled opportunity to connect with the entire life sciences value chain. This strategic partnership expands your networking opportunities exponentially and provides a holistic, complete view of the pharma and biotech landscape.

THIS STRATEGIC CO-LOCATION MEANS:

Expanded, Unrivalled Reach

Access an even broader audience of pharmaceutical professionals. The mid-size pharmaceutical market in the Middle East & Africa is expected to grow from \$19.57 billion in 2022 to \$23.91 billion by 2028, with Saudi Arabia holding the largest market share in 2022. The local pharmaceutical market in Saudi Arabia is projected to increase from \$8 billion in 2020 to \$25 billion by 2030.

A Holistic Industry View: From Molecule to Market

Gain a comprehensive understanding of the entire drug development and manufacturing lifecycle, from active pharmaceutical ingredients (APIs) to cutting-edge biologics, providing a complete, end-to-end ecosystem perspective.

Maximized ROI

Leverage your participation to connect with a diverse and influential range of stakeholders, from traditional pharma giants to innovative biotech disruptors, ensuring maximum return on your investment in exhibiting.

Ready for BIO Middle East co-location with CPHI Middle East? Here's What to Expect.

Visitor Profiles: Your Essential Presence

Ignite Your Vision: Who Will Benefit Most
from Attending BIO Middle East 2026

BIO Middle East 2026 is an indispensable convergence point for all professionals shaping the future of life sciences. Whether your focus is groundbreaking research, strategic investment, or clinical application, this event is designed to provide unparalleled insights, connections, and opportunities.

Your strategic journey into the Middle East biotech market begins at BIO Middle East 2026.

This is your forum for insight, innovation, and impactful connection.

01 INDUSTRY LEADER & BUSINESS DEVELOPMENT PROFESSIONAL

C-Suite Executives & Senior Management
Business Development & Licensing Managers
Market Access & Commercialization Specialists

02 RESEARCH & DEVELOPMENT INNOVATOR

Scientists & Researchers (Academic, Clinical, Industrial)
Head of R&D & Research Directors
Bioinformatics & Data Scientists

03 HEALTHCARE & MEDICAL PROFESSIONAL

Physicians & Clinicians
Hospital & Healthcare Administrators
Pharmacists & Clinical Pathologists

04 INVESTMENT & FINANCE EXECUTIVE

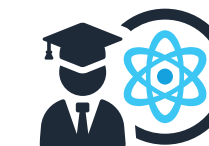

C-Suite Executives & Senior Management
Business Development & Licensing Managers
Market Access & Commercialization Specialists

05 GOVERNMENT & POLICY INFLUENCER

Scientists & Researchers (Academic, Clinical, Industrial)
Head of R&D & Research Directors
Bioinformatics & Data Scientists

06 EMERGING TALENT & ACADEMIC STAKEHOLDER

Scientists & Researchers (Academic, Clinical, Industrial)
Head of R&D & Research Directors
Bioinformatics & Data Scientists

Who Should Exhibit?

Seize Your Market Share

This event is absolutely crucial for any company looking to profoundly tap into the Middle East’s biotech surge and align with Saudi Arabia’s ambitious National Biotechnology Strategy.

We invite and welcome:

Biopharmaceutical Giants & Innovators

Biotech Start-ups & Scale-ups

Contract Research Organizations (CROs) & CDMOs

Genomics & Proteomics Leaders:

Lab Equipment & Technology Providers

Bioinformatics & AI Solutions Providers

Vaccine Developers & Manufacturers

Cell & Gene Therapy Developers

Investment Firms & Venture Capitalists

Government & Regulatory Bodies

Academic & Research Institutions

BIO Middle East 2026: Be Part of the Revolution. Shape the Future of Biotech in the Middle East.

Don't just watch – lead.

EXHIBITOR INFORMATION

Secure Your Prime Position in a Growth Market

Exhibitor Packages: Tailored for Your Success

We offer a range of flexible exhibitor packages meticulously designed to meet your specific needs and objectives. From raw space to fully equipped stands, our dedicated team is committed to helping you create an impactful and memorable presence. Each package is crafted to maximize your exposure and lead generation potential within this high-growth market.

Unmatched Benefits of Exhibiting

-  Connect directly with qualified buyers, serious investors, influential government officials, and key decision-makers.
-  Seize opportunities for dynamic, live product and technology demonstrations.
-  Enhance your brand visibility from dedicated marketing features, ensuring your brand stands out before, during, and after the event.
-  Benefit from extensive pre-event and on-site marketing support, dedicated exhibitor services, and an intuitive exhibitor portal for seamless management of your participation.

Join us in May 2026 for the launch of BIO Middle East and become an integral part of the conversation that will define the future of biotechnology in the Middle East and beyond.

This is your opportunity to lead, not just to participate.

Secure Your Partnership at BIO Middle East

Valid until 28 Feb 2026

Space Only \$730/sqm*

*Minimum 20 sqm

Shell Scheme \$895/sqm*

*Minimum 9 sqm, maximum 36 sqm.

- INCLUDES**
- Partition • Carpeting • Fascia board • 2 Chairs • 1 Round table • 1 High chair • 1 Reception desk • Stand electricity • Stand cleaning.

Start Up \$1,200

- INCLUDES**
- Carpeting • Fascia board with graphics • 1 High chair • 1 Cabinet • Stand electricity • Stand cleaning
