CHECK OUT THE DAY ONE HIGHLIGHTS

IN NUMBERS...

One of the most engaging and insightful cybersecurity events I've attended in 15+ years. The speakers' depth of knowledge was incredible - I couldn't have learned this anywhere else. Can't wait for next year.

ATTENDEE OVERVIEW

This is by far one of the most engaging, educational, diverse cyber security even I have attended in over 15 years. The death and breath of knowledge of the speakers were incredible. I don't think I could've learned what I have learned at this event anywhere else I am definitely looking forward to attending next year and learning from the participants as well as the speakers and volunteers.

International Exhibitors

The 2024 edition featured an impressive lineup of over 450 world-leading brands, showcasing their latest solutions and technologies. Thousands of attendees took over the business floor to explore the latest developments, connect with the right partners, and build new business opportunities.

2024'S EXHIBITING BRANDS INCLUDED:

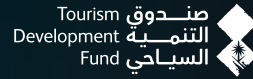

I have been attending Black Hat for over 25 years, and this year's Black Hat MEA conference was one of the best experiences I have had. I saw how young and vibrant our community is, and I am so proud to be a part of the changes happening in cybersecurity.

- 15 Executive Badges

Black Hat MEA set a new bar for me on how conferences should be done. The people were all so welcoming. The sessions were well thought out and there was

representation from all over the world. Diversity breeds productivity and sharing of new ideas. Speaking to the students at the campus session was certainly the highlight of my day.
