WHY LEAP EAST IS YOUR GATEWAY TO ASIA PACIFIC'S TECH REVOLUTION

WHY LEAP EAST? AND WHY HONG KONG?

ASIA-PACIFIC ISN'T EMERGING. IT'S EXPLODING.

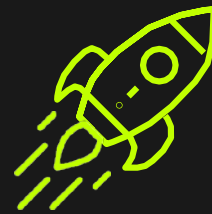

From AI to biotech and mobility, APAC is scaling fast, driven by billions in digital investment from governments and industry.

Markets like Singapore, Japan and Vietnam are leading with cloud-first strategies and public-private innovation funds.

But access is complex. Fragmented regulations and cultural nuance make it hard to break in without the right platform.

LEAP East connects you to the buyers, budget-holders and local partners that matter.

THIS ISN'T A SPIN-OFF. IT'S A STRATEGIC LAUNCH.

LEAP East is the APAC edition of the world's most powerful tech show.

It's built to help ambitious tech companies scale faster into one of the most commercially dynamic regions.

From government innovators to CIOs and healthtech buyers, this is where your next customers are.

LEAP East gives you qualified access, sector focus and the deals that move your pipeline.

ONE CITY. UNLIMITED REACH.

Hong Kong isn't just a financial hub. It's where global tech suppliers build trust and scale into Asia.

Its location bridges East and West, offering direct access to China, Southeast Asia, Japan and South Korea.

With startup talent, open business laws and government support, it's where serious cross-border partnerships happen.

LEAP East gives you a launchpad that's fast, credible and built for results.
